CONTRACEPTION, STERILIZATION, & ABORTION

Similarly excluded is every action which, either in anticipation of the conjugal act, or in its accomplishment or in the development of its natural consequences, proposes whether as an end or as a means, to render procreation impossible. (*HV*, #14)

The varieties of crime are numerous: all offenses against life itself, such as murder, genocide, abortion, euthanasia and willful suicide...they poison civilization; and they debase the perpetrators more than the victims and militate against the honor of the Creator. (*GS*, #27)

The regulation of births represents one of the aspects of responsible fatherhood and motherhood. Legitimate intentions on the part of the spouses do not justify recourse to morally unacceptable means (for example, direct sterilization or contraception). (*CCC*,
